PLEASE BRING THE FOLLOWING:

Serger – your serger must be in good working order. *If you bring a serger to class that is not in good working order, it will be necessary for you to leave it for servicing and then take the class next quarter when it is offered again.* The serger must be free from lint in all working parts and recently oiled; if you haven't replaced the needles lately and you have done a lot of serging, replace both needles; be sure the knives are cutting a good sharp cut on cotton fabric, if they aren't—you might bring the serger to the store and have it serviced.

Instruction Book to Your Serger

Accessory tray with extra accessories to your serger
